✻ ---Bonus Pages--- ✻

Hello, hello, it's Miyauchi (^^)/
Thank you for purchasing volume 3 of Akkan Baby.
Well... this is really more like a continuation, you see. To tell the truth, this is my first serialization that has continued past the originally planned 1 year's [running in the magazine for 1 year] length. I've been drawing manga for over 10 years, but I guess I could say I'm not really living... (^^
But at first, I said "OK, let's say I'll write 3 or 4 chapters for this serialization."
And then... The Man in Charge: "Hmmmm, it seems like 6 chapters would be the best... can you do it?"
Me: "Hmmmm... if it's 6 chapters... I can somehow manage it... (^^"
Man in Charge: "You know, it really doesn't seem to be over, does it... Why don't we do 10 chapters...?"
Me: "Eh? Ah... OK... I guess so, it really isn't finished at 6 chapters... (^^"
Man in Charge: Hmmmmmmmm... I wonder if you could do 12 chapters..."
Me: " (^^_____"
And that's how it went from a 3-chapter story to what it is now. Hahaha (^^

But I feel glad that I wrote it. I didn't have the confidence because this was my first time as a mangaka that it honestly didn't go as planned, but I kinda thought "If I do it, somehow it'll turn out all right."

What I'll do for my next serialization or even if I do one hasn't been decided yet, but if my emotional strength is ordered situation, next time I receive a serialization for my story, I think that I would like to try a challenge

In any case, it's thanks to everyone who reads this that I was able to finish this to the very end. I am very grateful. I truly thank you very much.

After about 2 months it loosened up and didn't hold up. What a waste of money~ (bitter smile)

By the way, in the previous volume I wrote "I got an afro~~♥," but...

A Pink Cheeks Anecdote ~Longing~

Phew It's over, it's over. It feels like this has been my first honest work in a long time (laughs).

By the way, the picture above is of my youngest parakeet, Ren the Sun Conure, however, I'm not bullying him. He does this on his own in the palm of my hand he'll flip himself over so his stomach is facing up (laughs) and play. He's quite a weird, cute and interesting guy (^^)
